

2011 AG. MECHANICS SKILLS SCHEDULE

ATI- Wooster, Ohio Career Development Events

April 8, 2011

Please arrive at Skou Hall ATI 30 minutes early.

Two time slots-1st slot: 8:30-10:30 a.m. & 2nd slot: 11:00-1:00

“Punch & Chisel” station this year. I would like each student to bring a chisel in need of attention. The chisel should be a Flat Cold Chisel sized ½ “ or larger. The edge must be worn and the head should show some “mushrooming”, but the tool should not be in such a state as to not be renewable with a bench grinder. The judge at the station will examine the students chisel and assign up to two points for bringing a suitable chisel. In other words, a good worn chisel will get 2 points, while a lightly used tool will get much less.

-

1st time slot: 8:30 -10:30

1. Wayne Co CC	3
2. Trumbull Co CC	3
3. Penta Co CC	1
4. Tri Rivers	6
5. Greene Co CC	9
